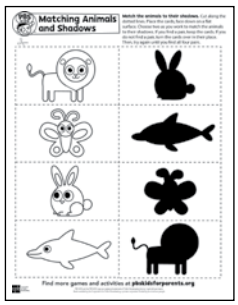
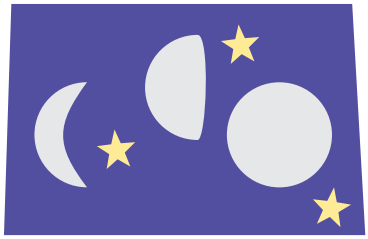
Light and Shadows BINGO



Matching Shadows

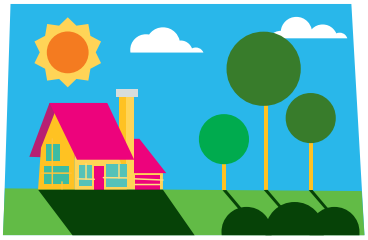
Sing “Twinkle, Twinkle Little Star.”

Shadow Cards

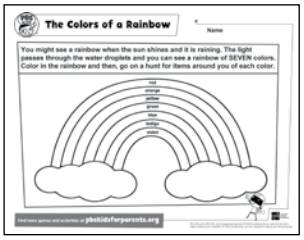


Look up at the sky at night. Can you see the moon? What shape is it?

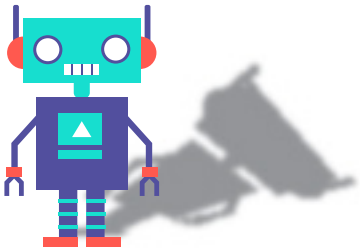
I Spy Shadows



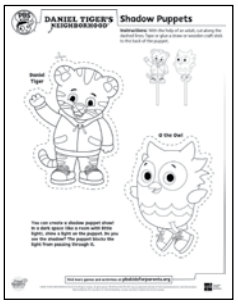
Look outside. Count the shadows you see. What made them?



The Colors of a Rainbow



Shine a light on your toy and trace its shadow on paper.



Character Shadow Puppets

Learn at Home with PBS KIDS

Week of January 18th

Hello, Families!

Welcome to **Learn Along Bingo**! We're happy to share PBS KIDS activities with you and to work with PBS member stations and community partners across the country to help support learning at home. With Learn Along Bingo, children can view, explore, and play as they learn alongside their PBS KIDS friends on the PBS KIDS 24/7 channel. We hope your family will use it to inspire learning each and every day.

It's Lights and Shadows Week!

In this packet, there are printable activities and everyday learning ideas for you and your child to choose from. As you complete each square, mark it off to celebrate the learning.

Learning Spotlight: Shadows

This week, we're investigating light and shadows. We will learn that some materials block light creating a dark shadow on any surface beyond them, where the light cannot reach.

Show What You Know: I Spy Shadows Activity

The last activity in this packet is a perfect way for children to learn how light cannot pass through some materials.

Tune in: Watch CURIOUS GEORGE at 5pm on Tuesday, January 19th on the PBS KIDS 24/7 channel.

Ready for more? Watch your favorite PBS KIDS shows on the 24/7 channel and live stream at pbskids.org/video/livetv or on your local PBS station.

Happy learning!

Matching Animals and Shadows

Match the animals to their shadows. Cut along the dotted lines. Place the cards, face down on a flat surface. Choose two as you work to match the animals to their shadows. If you find a pair, keep the cards. If you do not find a pair, turn the cards over in their place. Then, try again until you find all four pairs.

Shadow Cards

Instructions: Cut along the dotted lines. Invite someone to play a matching game with you. Place the cards face down on a flat surface. Choose two as you work to match the PBS KIDS characters to their shadows. If you find a pair, keep the cards. If you do not find a pair, turn the cards over in their place. Then, try again until you all find ten pairs. How many pairs did each player find? What strategy did you use to match the characters with their shadows?

The Colors of a Rainbow

Name

You might see a rainbow when the sun shines and it is raining. The light passes through the water droplets and you can see a rainbow of SEVEN colors. Color in the rainbow and then, go on a hunt for items around you of each color.

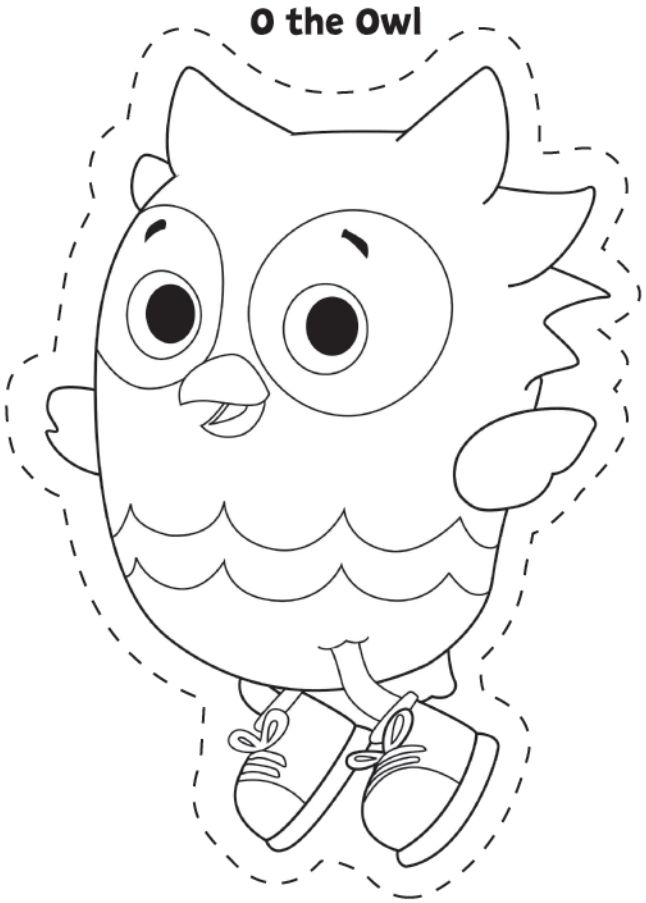
DANIEL TIGER'S NEIGHBORHOOD®

Shadow Puppets

Instructions: With the help of an adult, cut along the dashed lines. Tape or glue a straw or wooden craft stick to the back of the puppet.

Daniel Tiger

O the Owl



You can create a shadow puppet show! In a dark space (like a room with little light), shine a light on the puppet. Do you see the shadow? The puppet blocks the light from passing through it.
