Learn at Home with PBS KIDS

Week of March 15th

Hello, Families!

Welcome to **Learn Along Bingo**! We're happy to share PBS KIDS activities with you and to work with PBS member stations and community partners across the country to help support learning at home. With Learn Along Bingo, children can view, explore, and play as they learn alongside their PBS KIDS friends on the PBS KIDS 24/7 channel. We hope your family will use it to inspire learning each and every day.

It's Five Senses Week!

In this packet, there are printable activities and everyday learning ideas for you and your child to choose from. As you complete each square, mark it off to celebrate the learning.

Learning Spotlight: Our Five Senses

People use five senses to observe objects, organisms, or events. Using our senses, we learn about the world around us.

Show What You Know: Use Your Senses

The last activity in this packet is a perfect way for children to learn about their five senses.

Tune in: Watch NATURE CAT at 12pm ET on Tuesday, March 16th on the PBS KIDS 24/7 channel.

Ready for more? Watch your favorite PBS KIDS shows on the 24/7 channel and live stream at pbskids.org/video/livetv or on your local PBS station.

Happy learning!

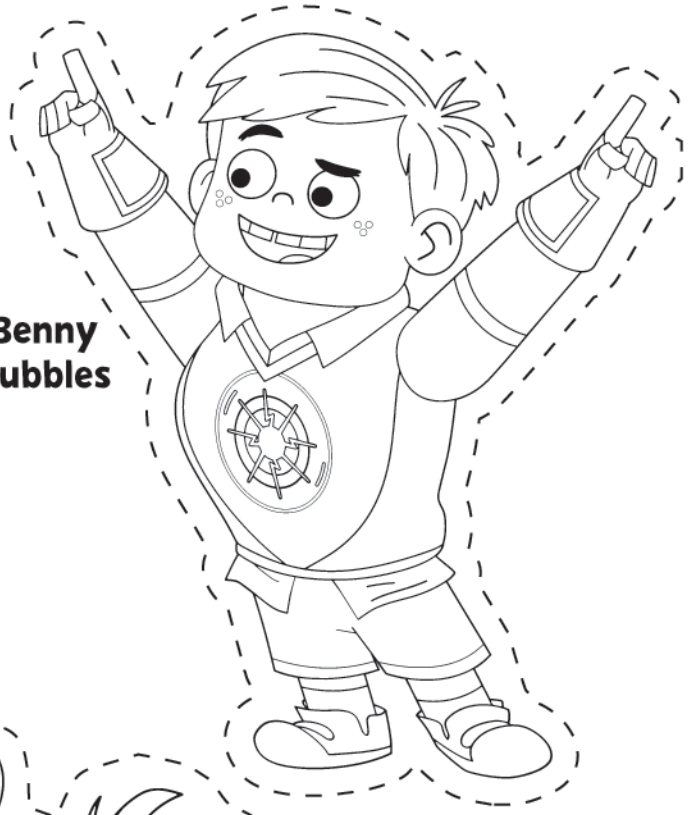
Storytelling Puppets

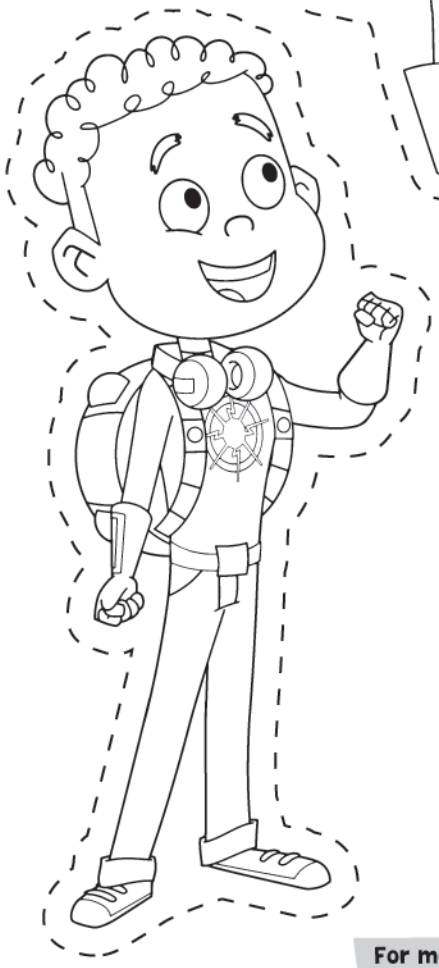
Directions: Color and then cut out the character puppets. Glue each puppet onto a popcicle stick. Use the puppets to retell the sequence of events from the PBS KIDS episode you watched. Talk about the characters, the problem, what the characters did, the solution and what they learned. You can even create an original storyline!

Lucita Sky

Benny Bubbles



AJ Gadgets



Sara Snap

Fur Blur

Use Your Senses

Name

Take a moment to focus on each of your senses: hear, see, taste, touch and smell.

Close your eyes and **listen**. What do you hear?

Pick up an object familiar to you, but observe it closely. Do you notice something new about it you've never **seen**?

Corporation for Public Broadcasting

Use Your Senses

Name

Find a surface - grass, concrete, brick, etc. - and gently and **slowly rub your fingers across it.** What does it **feel** like? Can you feel small bumps, crevices, spaces, or individual pieces (such as blades of grass)?

At a meal, pay close attention to **your first bite. Really pay attention** to the **tastes** of the food. Can you taste different ingredients?

Smell a few different things. Describe their smell. Do they smell like anything you've smelled before?
